Notes to Financial Statement

1. Summary of Significant Accounting Policies

A. The financial statements of North Carolina Mutual Life Insurance Company (“Company” or “NCM”) have been completed in accordance with the National Association of Insurance Commissioners (“NAIC”) Accounting Practices and Procedures Manual. The State of North Carolina Department of Insurance (“NCDOI”) recognizes only statutory accounting practices prescribed or permitted by the State of North Carolina for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under North Carolina General Statutes. The NAIC Accounting Practices and Procedures manual has been adopted as a component of prescribed or permitted practices by the State of North Carolina.

B. Use of Estimates in the Preparation of the Financial Statements.

The preparation of the financial statements in conformity with Statements of Statutory Accounting Principles (SSAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Life premiums are recognized as income over the premium paying period of the related policies. Annuity considerations are recognized as revenue when received. Health premiums are earned ratably over the terms of the related insurance and reinsurance contracts or policies. Beginning in 2005, reinsurance treaties not conforming to the requirements of SSAP No. 61, *Life, Deposit-Type and Accident and Health Insurance*, and Appendix A-791, *Life and Health Reinsurance Agreements*, utilize deposit accounting (see Note 2A). Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

The amount of dividends to be paid to policyholders is determined annually by the Company’s Board of Directors. The aggregate amount of policyholders’ dividends is related to actual interest, mortality, morbidity and expense experience for the year and judgment as to the appropriate level of statutory surplus to be retained by the Company.

In addition, the Company uses the following accounting policies:

1. Short-term investments are stated at amortized cost.
2. Non-investment grade bonds and loan-backed and structured securities with a NAIC designation of “6” are reported at the lower of amortized cost or fair value; investment grade bonds are reported at amortized cost.
3. Common stocks are stated at market.
4. Preferred stocks are stated at cost, redeemable preferred stocks with NAIC designations 4 to 6 are reported at the lower of cost, amortized cost, or fair value and perpetual preferred stocks with a NAIC designation of 4 to 6 are reported at the lower of cost or fair value.
5. Mortgage loans on real estate are stated at the aggregate unpaid balance.
6. Loan-backed and structured securities are stated at amortized cost using the interest method including anticipated prepayments at the date of purchase, except for those with an NAIC designation of 6 which shall be reported at the lower of amortized cost or fair value.
7. On a quarterly basis, the Company reviews individual instances within its debt and equity portfolios for unrealized losses and makes a judgment whether the decline in fair value is deemed to be “other than temporary.”
8. The Company owns 10.55% interest in Piedmont Investment Advisors, LLC, an investment advisory service company. The security is recorded using the equity method as prescribed in SSAP No. 97.
9. The Company has no derivatives.
10. The investment income was not used as a factor in the premium deficiency calculation.
11. The triangle development method was used to estimate the liabilities including claim expenses for accident and health contracts.
12. Policy loans are stated at the aggregate unpaid balance.
13. The Company uses straight-line depreciation for all of its real estate holdings with lives varying depending upon the type of building.
14. Company occupied investment real estate and properties held for the production of income are stated at depreciated cost less encumbrances. Properties held for sale are reported at lower of cost or depreciated value.
15. The Company reports cash surrender value of life insurance on certain officers net of related policy loans. Policy loans were \$5,217,034 as of June 30, 2009 and \$4,670,041 as of December 31, 2008.

C. Uncollected Balances
At June30, 2009 and December 31, 2008, the Company had admitted assets of \$1,395,134 and \$2,515,878, respectively, in accounts receivable for uninsured plans and amounts due from agents. The Company routinely evaluates the collectibility of uncollected premiums and writes off any amounts deemed to be uncollectible. During the quarters ended June 30, 2009 and 2008 the Company recorded write offs of receivables amounting to \$0 and \$0 respectively.

During 2006, the Company entered into a \$5.1 million Note Agreement with one of our Managing General Agents (“MGA”) for premium amounts past due. The terms of the Note call for monthly installments of \$25,000 from September 2006 through February 2009, with a balloon payment on March 1, 2009 equal to the balance of any principal and interest amount then outstanding. The Note Agreement also assigns to the Company certain fees and recoveries normally due to the MGA during the normal course of business. As of June 30, 2009, the Company has reflected \$3,129,000 of such assignments as offsets to the Note after deducting payments received of \$1,124,000 and an uncollectible allowance of \$838,000.

EDH did not honor the scheduled balloon payment on March 1, 2009. At the inception of the note, management evaluated the collectability of the balance due from EDH and determined that full collection of such amounts was doubtful; accordingly an allowance was established as of December 31, 2005. The current allowance exceeds the amount of the balloon payment; therefore, the failure of EDH to make such payment has no impact on reported surplus or net income. Future payments, if any, will result in a positive contribution to earnings and surplus.
